Comrades who have pour their blood in the land of Dandakaranya to free people from the exploitation and oppression that is persisting from decades, North Sub-zonal Bureau pay its homage by bowing down its head before them. To their mother and father, relatives and friends it pays its deep condolences to them. We appeal to their partners and friends to move forward in the revolutionary path with revolutionary determination to fulfill their unaccomplished dream and aspirations. Also, North Sub-zonal Bureau take vow that their martyrdom will not go in vain and we will march forward with strong determination to fulfill their dreams.

This genocide happened in the following manner.

One team of our PLGA in which there were comrades from different departments and among them many were unarmed, kept camp in the forest between Aapatola and Kalpar. After getting the information from its informers, the enemy forces surrounded the camp and started indiscriminate firings. While resisting this attack bravely, some comrades were martyred and some comrades were successful in retreating from the encounter place. Afterwards murderous police brutally killed those comrades who were injured in the police firings. This apart, the police forces picked up 11 unarmed comrades, took them to martyrs column that is situated around 2 km away, beat them inhumanly with sticks and then killed them by firing bullets. In between there was a discussion among police personnel whether to take the captured people along with them or kill them at the spot. After getting orders from adivasi Chief Minister Vishnu Deo Sai, Home-Minister Vijay Sharma, top police officers SP of Kanker, AK Aelsela and IG of Bastar, P. Sundarraj they were killed brutally. As soon the vehicle came to pick up the dead body of the comrades, the killer police forces brutally killed those unarmed comrades. When the vehicle was moving, loaded with the dead bodies, lot of blood were there on the road. Firing started at 1:38 pm and before 3 p.m it got over. The firings that happened in interrupt manner around 6 pm was to kill our injured and unarmed comrades. That is why in this genocide, first 12 dead bodies were recovered were stated in the media. Remaining all 17 comrades picked up by police in injured conditions and barbarically murdered by the police forces.

To sell the abundant natural resources of Dandakaranya in perks to domestic and foreign corporate houses, the ruling classes are working to nullify the revolutionary movement and unleashing genocides on revolutionary and adivasi people. This genocide is part of the newly launched operation Kagaar and counter-revolutionary Surajkund policy formulated by the Brahmanic Hindutva fascist RSS-BJP forces. This genocide is done by the "double engine", bulldozer rule of central BJP government and Chhattisgarh State BJP government. By making adivasi chief minister in the state Chhattisgarh, adivasi are being massacred over here. To legitimize the ongoing genocide on the adivasi people, an adivasi chief minister (Vishnu Deo Sai, who belongs to RSS) has been installed. Not only of Bastar, but the BJP leadership of entire Chhattisgarh are responsible for this genocide. Surely they will be punished in the people's court.

Government through its corporate and LPG policies is forcing the unemployed and poor adivasi people to join the police forces to die and to kill. It has destroyed all means of dignified employment. Adding to this, by luring adivasi through money, by threatening and forcing them, state is turning them into informers. We appeal to adivasi social organizations, youths to understand and expose this conspiracy of the state.

All progressive, democratic, secular, revolutionary organizations, individuals should raise their voice against this genocide and should protest to demand judicial enquiry of this genocide. We appeal to pro-people media personnel to visit the encounter place and bring facts in front of the world and also we appeal to help the family members of our 29 comrades to take the dead bodies and in performing the last rituals with full dignity.

To all Road and transport houses, all business houses and educational institutions, we appeal to support in order to make bandh successful on 25 April in Narayanpur, Kanker, Mohalla and Manpur districts against 16 April genocide.

(Note: Emergency services- hospital, ambulance, exams will not be affected by this bandh).
